Alex Chau Nguyen

Knoxville, TN 37918 – USA

(714) 728-7191 • alex.c.nguyen93@gmail.com • Portfolio • Alex Nguyen

System Engineer specializing in data integration, automation, and platform engineering. Experienced in building scalable workflows across SQL Server, Microsoft Access, and Power Platform tools. Proven ability to develop VBA-driven applications, automate business processes, and deliver data insights through Power BI. Strong background in infrastructure, DevOps practices, and secure enterprise systems.

Technical Skills

Languages: C++, C, C#, Python, JavaScript, TypeScript, SQL, HTML, CSS

Data & Platforms: SQL Server, T-SQL, Stored Procedures, Microsoft Access (VBA, DAO), Power BI

Systems: Linux/Unix, Windows Server, Active Directory, RHDS10/IDM, PKI (Venafi), SCADA

Automation: PowerShell, Bash, VBA, Power Automate, Ansible, Terraform

Tools: Azure DevOps, Git/GitHub, SharePoint, REST APIs, Postman, WordPress

Frameworks: React, Node.js, .NET, Bootstrap, jQuery

Experience

Tennessee Valley Authority — **Knoxville, TN**

System Engineer (Data & Automation) — *Jan 2026–Present*

- Designed and maintained data workflows integrating SQL Server with Microsoft Access applications.
- Developed VBA-driven Access GUIs and Excel automation to streamline data entry and reporting.
- Built Power BI dashboards and Power Automate workflows to automate business processes and deliver insights.
- Wrote and optimized T-SQL queries, stored procedures, and database objects for reporting and operations.
- Managed SharePoint, Azure DevOps (Repos/Wiki), and WordPress to support collaboration and documentation.

Tennessee Valley Authority — **Knoxville, TN**

System Administrator — *Jan 2025–Jan 2026*

- Administered SCADA systems and endpoint infrastructure, ensuring reliability and data integrity.
- Queried and maintained SQL-based datasets supporting operational monitoring and reporting.
- Developed operator dashboards to enhance system visibility and situational awareness.
- Automated workflows and documentation to support security, compliance, and maintainability.

Tennessee Valley Authority — **Knoxville, TN**

Platform Engineer — *Jan 2023–Jan 2025*

- Automated infrastructure provisioning and configuration management using Ansible and Terraform.
- Developed PowerShell tools for Active Directory administration, auditing, and compliance.
- Integrated Venafi APIs to automate certificate lifecycle management across enterprise systems.
- Administered RHDS10 and IDM, enforcing access control via sudo and HBAC policies.

U.S. Army

Information Technology Specialist (T3 Security Clearance—Active) — *Jan 2022–Jan 2025*

- Maintained and supported servers, networks, and endpoint systems to ensure operational readiness.
- Provided technical support and training on hardware, software, and network systems.

Certifications

AWS Certified Cloud Practitioner | AWS Knowledge: Architecting | AWS Cloud Quest: Cloud Practitioner

Education

The University of Tennessee, Knoxville

Bachelor of Science in Computer Science

GPA: 3.97/4.0
